

National Environmental Leadership Award in Asthma Management - 2010

Call for Entries

Apply by March 16, 2010

Each year, EPA honors the best in comprehensive asthma programs. Winners of this award are recognized for their outstanding leadership and effective programming that improves health outcomes for people living with asthma.

If your work . . .

- addresses environmental triggers as part of a comprehensive asthma program
- fosters high-performing collaborations and partnerships
- improves the daily lives of those with asthma and their families
- saves health care dollars

. . . **earn recognition for your hard work and success!**

Apply in one of these categories:

- Health plans
- Health care providers
- Communities in action
